## VIRTUALLY COMPLETE RETURNS GIVE SEN. HARDING 401 VOTES

Oklahoma Appears to Have Joined  
Republican Column But New  
Mexico is Doubtful

### BIG MAJORITY IN THE SENATE

Republicans Will Have 57 Seats and  
Democrats 39 on Face of  
Complete Returns

### PLURALITIES ARE GROWING

Harding, Has 171,808 in Indiana  
and Sen. Watson is Leading  
Tom Taggart by 138,533

(By United Press)  
New York, Nov. 4.—Virtually  
complete returns from the whole  
country today showed Harding  
would have probably at least 401  
votes in the electoral college and  
Cox 130.

The outcome in New Mexico with  
three votes was still doubtful. Okla-  
homa appeared to have come into  
the republican column.

Oklahoma City, Nov. 4.—Okla-  
homa has joined the nation in a re-  
publican land slide and for the first  
time the state has deserted the  
"solid south."

Roswell, New Mexico, Nov. 4.—  
With scattered returns from more  
than half of New Mexico's 29 coun-  
ties are that Harding will carry the  
state by 1500 votes.

Republican candidates for state  
offices will also be elected by the  
same majority it was indicated. The  
total vote is expected to reach 20-  
000.

New York, Nov. 4.—Republican  
victories in the senatorial race in  
Oregon, Arizona and Oklahoma in-  
dicated by the latest figures, would  
make the strength of the United  
States senate 57 republicans and 39  
democrats.

## PALMER'S PART TO BE INVESTIGATED

Judge Anderson Notifies Him His  
Connection With Coal Cases  
Will Be Probed

### TO BE TAKEN UP IN COURT

(By United Press)

Indianapolis, Ind., Nov. 4.—Fed-  
eral Judge A. B. Anderson will in-  
vestigate the connection of At-  
torney General Palmer with a conspir-  
acy case against 125 coal operators  
and mine workers in open court  
when the case is called for trial  
next Monday, November 8, the  
court announced today.

It is understood that Palmer has  
ordered all the attorneys prosecuting  
the case, not to present at the  
trial on conspiracy charge, evi-  
dence submitted in the strike in-  
junction hearing which led to the  
ituminous miners being enjoined  
from striking a year ago.

Palmer's order lead to the re-  
signation of Dan Sims, special as-  
sistant attorney general prosecuting  
the case, and it has been reported  
that Fred VanNuys, United States  
district attorney, and also Lewis  
Slack, special prosecutor of the  
case, are about to resign as the  
result of the order.

The case against the miners and  
operators charges conspiracy to  
violate the Lever law by acting in  
combination to boost coal prices.

In a telegram to Palmer, sent at  
the request of Judge Anderson,  
Judge C. Butler, clerk of the dis-  
trict court, advised Palmer that  
such action would be taken and  
that he was instructed to send the  
message so as to give Palmer op-  
portunity to be present if he so de-  
sired.

plurality over Cox 171,808 with 317  
precincts of 3,385 in the state still  
to be heard from.

Senator James E. Watson, re-  
elected United States senator, was  
leading Thomas Taggart, democrat,  
by 138,533, on the basis of returns  
from 2,947 precincts. In the govern-  
orship race Warren T. McCray, re-  
publican, had a plurality of 140,000  
over Carleton McCulloch, democrat,  
with 2,950 precincts reporting.

All of the 13 congressional dis-  
tricts sent republican congressmen  
to the house of representatives.  
A heavy majority in both the  
house and senate of the state legis-  
lature was assured. Indications are  
that the next senate will line up 41  
republicans and 9 democrats. Seven  
of the democrats are hold-overs.  
The republicans are expected to  
have 90 members in the lower house  
and the democrats 10.

The Farm Labor party cast 7,784  
votes in the state with 3,000 pre-  
cincts heard from. Next came the  
socialists with 5,500; the prohibi-  
tionists with 4,177 and the Single  
Taxers with 82 votes.

## BRYAN SUGGESTS THAT WILSON QUIT

Believes Marshall Should Assume  
Presidency and Appoint Harding  
Secretary of State

### TO GET HIS PROGRAM STARTED

Advises Marshall to Resign When  
December Congress Meets in  
Favor of President-Elect.

(By United Press)

Chicago, Ill., Nov. 4.—William  
Jennings Bryan here today suggested  
that as a result of the election, Pres-  
ident Wilson resign immediately, al-  
lowing Vice-President Marshall to  
assume the office.

Marshall, Bryan said, should ap-  
point Harding as secretary of state  
and then also resign when congress  
meets in December in order to allow  
Harding to start carrying out his  
program immediately.

The law regulating succession to  
the presidency would put Harding in  
the president's chair if the program  
is carried out.

"The people voted against the Wil-  
son league and for the association  
of nations endorsed by the republi-  
cans," said Bryan, in an exclusive  
interview with the United Press.

"It would seem proper, therefore,  
that the president accept the verdict  
and aid in carrying it out by resign-  
ing at once. He surely would find it  
no pleasure in combating with a re-  
publican congress. It would also en-  
able Vice-President Marshall to be-  
come president for a short time—an  
honor which he has well earned."

Bryan declared that he knew  
nothing of any proposed conference  
of democrats to plan a new demo-  
cratic program. There is, no doubt;  
however, that there will be a con-  
ference of democrats to get together,  
he said.

He declares that the result of the  
election would show in such a con-  
ference that the leaders of the party  
would have to change its program.

"The democrat party is and has  
been a progressive party," he said.  
"The San Francisco convention did  
not represent the rank and file of  
the party. It was under a joint con-  
trol which had special interests other  
than party reform. This joint  
control represented three things—  
First—the wets who sought to  
change the ten commandments for  
beer with a kick in it; second—Wall  
street; third—Idolators and office  
holders.

### ENCAMPMENT NOTICE

Bernice Encampment No.  
12 will have an important  
meeting Friday evening. The degree  
staff will report for rehearsal. Ar-  
rangements for the trip to Grand  
Encampment will be made.

## COAL FAMINE HITS CITY LIGHT PLANT

Supt. Mahin Will Shut Off Electric  
Power Consumers Friday Noon  
If None Arrives

### WILL LAST TILL FRIDAY NIGHT

The supply of coal at the city  
water and light plant is so danger-  
ously low that electric power con-  
sumers will be shut off if more fuel  
is not received by Friday noon, A.  
T. Mahin, superintendent of the  
plant, announced today.

The superintendent stated that  
there was barely enough coal at the  
plant to keep it in operation until  
Friday night and that if more did  
not reach Rushville by tomorrow  
noon, he would be compelled to  
shut off the electric power so that  
current could be provided for light-  
ing and running the pumps on the  
city's water wells as long as pos-  
sible.

Supt. Mahin stated that the city  
had some coal on the road and that  
it should be here by this time, but  
that there was a bare possibility  
that it would not arrive before the  
present supply is exhausted.

## JOLLIFICATION IS BEING DISCUSSED

Number of Cities in Sixth District  
Look to Rushville For Big  
Ratification

### TURN TO WATSON'S HOME CITY

No Definite Arrangements Made But  
Agitation For Recognition of  
Victory is General

Local republicans were undecided  
today about holding a big ratifica-  
tion in this city about next Monday  
night, and it is expected that some  
definite conclusion about the cele-  
bration will be reached some time  
today or in the morning.

Almost every city in this district  
is making arrangements to cele-  
brate the republican victory in big  
fashion, and already several of  
these cities have communicated with  
the county organization here, so as  
not to have dates conflict.

Republicans in the sixth district  
naturally look toward Rush county  
for a big jollification, because of  
the overwhelming plurality that  
Senator Watson received. Several  
cities have called in, wanting to be  
certain of the night so that large  
delegations from all over the dis-  
trict could be here.

There are a few Republican lead-  
ers who do not want to ratify over  
the election, but the majority of  
voters think that such a landslide  
of the entire ticket, should not go  
without some kind of a celebration.

In former years the victors al-  
ways set aside one night for the  
jollification and invited other cities  
to come here and take part in the  
evening's entertainment. In those  
days torchlight parades, bands,  
drum corps and all noise making  
devices would be in order, and peo-  
ple in general would turn out and  
do their bit by marching and yelling.

Public speaking also had a part  
in the celebration, and short ad-  
dresses by the winners always ended  
the evening's program. Senator  
Watson will return to Rushville the  
latter part of this week, and by all  
means, it is declared, the republi-  
cans of Rushville and of this dis-  
trict should turn loose in big fash-  
ion and celebrate with red fire,  
bands and noise as they never cele-  
brated before.

Several prominent democrats,  
confident of victory, had already  
planned for a big celebration here  
in the case of the election of Tag-  
gart and Cox, it was stated today,  
and one of them expressed them-  
selves that they expected to "turn  
the town wrongside out."

Republicans should agitate the  
celebration movement and get busy  
before the real enthusiasm of the  
election subsides, many believe.

## "SCRATCHING" UNCOMMON HERE

Vast Majority of Votes Cast in Rush  
County Tuesday Were For  
Straight Tickets

### WOMEN ALMOST DOUBLE VOTE

Total Cast For President Lacks  
635 of Being Twice as Many in  
The 1916 Election

Any analysis of the vote in Rush  
county on Tuesday shows that the  
scratching of tickets was a very  
uncommon practice. While it is true  
that a few candidates on the republi-  
can ticket came through with  
pluralities—a few hundred below  
the leaders, the vast majority of the  
voters of the county voted a vast  
straight republican or democratic  
ticket.

A study of the table giving the of-  
ficial vote reveals that women were  
as much inclined to vote straight  
tickets as men and that they did  
do it in most cases, because the  
variation in the pluralities are not  
any greater than formerly consid-  
ering the fact that the vote was  
doubled.

Precinct inspectors who have  
been interviewed on the subject say  
that scratching was not any more  
common than in former years.

There are still a lot of people,  
after all of the publicity which was  
given the matter of voting, who did  
not vote correctly. Instead of mark-  
ing a cross in the circle at the head  
of the ticket for which they wished  
to vote, a number of voters merely  
voted for the first elector at the top  
of the list of candidates and  
thought they had voted the straight  
ticket.

Others who wanted to scratch  
their ticket voted for the first  
elector and thought they had then  
voted for president, instead of vot-  
ing for all of the electors. This mis-  
take was revealed in the official  
count of votes, which showed that  
in every precinct the first elector  
got more votes than any of the other  
electors.

The way the women of Rush  
county participated in the election  
was one of the marvels of the day.  
They not only voted but they work-  
ed like Trojans to get out the vote  
in their party. They stood all day  
at the polls in the bitter cold to  
keep count of the women of their  
party voting. They rode in automo-  
biles all day, getting voters to the  
polls, and in every way were as ac-  
tive as the men.

Much of the interest the women  
took in the election was due to the  
work of the two party organiza-  
tions. They enthused the women  
and made them realize their duty  
since they had been granted the  
ballot. The republican organiza-  
tion made an especially hard fight  
to get the women registered and  
was very ably assisted by Mrs. A.  
L. Stewart, woman's county chair-  
man, who worked unceasingly for  
republican success in the county.  
It is regarded as doubtful whether  
the republicans ever had a better  
organization than this year.

The fact that women generally  
participated in the election is re-  
vealed by the election figures. The  
total vote cast for president this  
year lacked just 635 of being double  
that of 1916. The total vote Tues-  
day for all presidential candidates  
was 10,805 as compared with 5,720  
four years ago.

The aftermath of the election is  
not disclosing any bitter feeling.  
Although the republicans were  
somewhat angered by the tactics of  
some democrats in calling up re-  
publican women who voted with an  
absent voters ballot and warning  
them that they would be prosecuted  
for perjury, they have forgotten it  
in the marvelous victory which the  
republicans rolled up Tuesday.

The warning of the republican  
committee the night before the  
election that the democratic organi-  
zation workers were planning to  
challenge absent voters, was in ef-  
fect true, because in many precincts  
the democrats had blank forms  
ready to challenge.

The question all rested with the  
election boards and they quickly de-  
cided that a challenge could not be

## ACTIVITIES IN COURT RESUMED

Business Being Transacted Again  
With Election Day Past—Term  
To End Saturday

### A PETITION FOR SUPPORT

Evidence Heard in Scott Case and  
Taken Under Advisement—Louise  
Walker Asks Divorce

Circuit court resumed activities  
this morning, after being quiet for  
several days on account of the  
election. This morning the evidence  
was heard in the petition filed last  
week against Thomas B. Scott, in  
which Mrs. Scott petitioned for  
support money during the pendency  
of the divorce case. The matter  
was taken under advisement.

In the case of Mary E. Gardner  
against George Goddard and Nash  
Goddard, administrators of the es-  
tate of Clarissa Goddard, an agree-  
ment was reached and the case  
was dismissed. Mrs. Gardner de-  
manded \$1,824.08 in a claim filed  
against the estate, and the agree-  
ment reached awarded her \$690.59.

Louise Walker is plaintiff in a  
divorce suit filed today, in which  
she asks a separation from John  
Walker. The complaint states that  
they were married in May, 1910 and  
separated October 31 of this year.  
She charges her husband with call-  
ing her vile and infamous names  
and accusing her falsely of associ-  
ating with other men. Mrs. Walker  
states that on October 31, her hus-  
band left her. She resides at 830  
West Eighth street.

The September term of court will  
end Saturday and next week will be  
vacation week, with the November  
term beginning on the 15th of this  
month.

## GLENWOOD CHURCH HOLDING SERVICES

Dedication Week is Being Observed  
Nightly and Final Services Will  
be Preached Sunday

### BISHOP LEETE TO PREACH

The Dedication Week program  
which is being carried out nightly at  
the Glenwood M. E. church, is being  
attended by large audiences and the  
final program will be given Sunday,  
with the dedication address by Dr.  
J. M. Walker, of this city, who is  
district superintendent.

The program for tonight will con-  
sist of a song service by the Glen-  
wood Choir and a solo by the Rev.  
C. S. Black of this city, who will  
also preach the sermon. J. F. Mapes  
will have charge of the devotional  
exercises and the Rev. F. T. Taylor  
of Glenwood will render the benedi-  
ction. Tomorrow night the Rev. J.  
W. McFall of Connersville will  
preach and music will be rendered  
by the choir and a male quartet  
from Connersville.

There will be no services Satur-  
day, but on Sunday a fine program  
has been arranged beginning with  
the morning worship. At this time  
Bishop F. D. Leete will preach the  
sermon. The afternoon sermon will  
be preached by the Rev. J. M. Wal-  
ker of Rushville, who will also  
preach the dedication services for  
the new church at the evening hour.  
Special music has been arranged for  
Sunday, including selections by the  
choir, and solos by Mrs. John Reece  
of Glenwood and Pearl Wamsley of  
Rushville.

### B. L. TRABUE RESIGNS

B. L. Trabue has resigned his  
position as assistant cashier of the  
Rush County National Bank, and  
his resignation took effect November  
1. Mr. Trabue who has been affil-  
iated with this bank for the past  
thirteen years has made no definite  
announcement as to what he will do  
in the future. No one as yet has  
been appointed to fill the vacancy  
at the bank.

## ASK RETENTION OF CROSSING FLAGMEN

Petitions Filed Before City Council  
Urge Ordinance to Abolish  
Them Be Rejected

### THEY WILL BE SUCCESSFUL

Other Petitions Seek Permission to  
Grade Streets to be Paved  
Under 3-Mile Law

A short business session was held  
by the City council, which met last  
night instead of the regular meeting  
night on Tuesday night.

The most important thing that  
came before the councilmen was  
three petitions circulated and filed  
by citizens of Rushville requesting  
that the council refuse to pass the  
ordinance abolishing the crossing  
watchmen at Sexton and Arthur  
streets on the C. I. & W. railroad.

The three petitions were signed  
by a total of 424 persons, and the  
following people headed the peti-  
tions: Martin Winston, 320 West  
Fourth; W. C. Pearsey, 230 West  
Second and C. F. Dishinger, 227  
West First.

The ordinance was placed on  
second reading last night, but it  
was intimated that it will be re-  
jected when it comes up for final read-  
ing and passage. The matter was  
not discussed, but the councilmen  
just as good as said that there was  
nothing else to do, but kill when it  
was put on final passage.

The people objected to the taking  
off of the watchmen on the grounds  
that the two crossings are in the  
switchyards, and because trains  
frequently send a cut of cars with-  
out an engine, the crossings need  
guarding. The matter of the school  
building being located in that vic-  
inity was another point which the  
petition brought out.

At the previous meeting railroad  
officials were present and urged the  
immediate passage of the ordinance.  
It was put on third reading, al-  
though Mayor Irvin and a majority  
of the councilmen favored imme-  
diate passage. Councilman Aber-  
crombie objected to the suspending  
of rules and forcing the ordinance  
through. Councilman Wagoner was  
absent but when he learned of it the  
next day, he stated that he was not  
in favor of doing away with the  
watchmen, and that the flagmen  
were not an expense to the city,  
anyway, as they are paid by the  
railroad company.

Two other petitions were present-  
ed to the city council. They were  
filed by Elmer Humes, et al, and  
John S. Davis, et al, asking per-  
mission to grade Harrison street, a  
portion of Eighth street and West  
Eleventh street, in preparation for  
paving under the three mile gravel  
road law. The paving contract will  
be awarded by the county commis-  
sioners, but the petitioners must  
first obtain a permit to grade the  
streets. The council will grant the  
permit, upon presentation of the  
plans and specifications of the en-  
gineer.

The two street paving projects  
have been mentioned before. The  
Humes petition calls for the paving  
of North Harrison from First to  
Eighth and east in Eighth to the Ft.  
Wayne road; the Davis petition  
calls for a paved street from Eighth  
street north in Harrison to Eleventh  
and then west in Eleventh to Spen-  
cer street.

A great portion of the West  
Eleventh street improvement will be  
a new street as there is no con-  
necting link now between Spencer  
and Harrison streets. The city will  
probably have to make sewer and  
water connections in the new street.

The Big Four railroad, which  
swings into Rushville at the north  
edge with a big circle, also has  
been granted permission to prepare  
for the new street. In the next few  
days the course of the tracks en-  
tering Rushville, will be completely  
changed. The curve will be taken  
out to a great extent and the tracks  
will be regraded.

The way it is surveyed now, the  
crossing on Eleventh street would  
be on a curve, and the railroad will  
so arrange their tracks to make  
them cross the street, north and  
south, parallel to the L. E. & W.

### Republican Congressman May Have Plurality of Ten Thousand

**RICHARD N. ELLIOTT**  
Congressman Richard N. Elliott of Connersville, who was re-elected Tuesday and on the face of incomplete returns had a plurality of 10,000, may pull through with a margin of that size over his democratic opponent, Will Yarling of Shelby

ville. The vote has been received from all but eleven precincts in the district, 279 out of 290 in the eight counties of the district giving him a plurality of 9,520 votes. The vote so far recorded is as follows: Elliott, 46,659; Yarling, 37,139.

### Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Your druggist has been appointed agent for Allen's in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to all who state they received no benefit.—Adv.

#### CORN HAS MANY ADVANTAGES

Growing Period Is During Hottest Part of Year When Soil Is Dry and Thoroughly Warm.

Corn has an advantage over the small grains. Its growing period is during the warmest part of the year. The soil is then dried out and warmed thoroughly. The days are then the longest and the sun shines the warmest. All these things are needed by a plant to make growth. From this it becomes plain why corn should produce more food on an acre of land than a crop that does not take advantage of the whole growing season.

Corn has another advantage and that is that its nature of growth is such that it can be cultivated. Many may think that this is a disadvantage. The cultivation kills weeds and keeps the moisture from escaping. While corn uses as much moisture as a grain crop, the cultivation given it reduces the amount of moisture that evaporates from the soil—in this way making the corn crop a moisture saver.

The corn crop has the advantage of season of growth, enabling it to produce more per acre than the grain crops and the advantage of lending itself to being cultivated, which saves moisture and kills weeds, making it both a good producer and a crop to prepare the land for other crops.

#### The Malthusian Doctrine.

This was a theory held by Rev. T. R. Malthus, who was born in 1766 and died in 1834. He held that population tends to multiply faster than its means of subsistence can be made to do, and that when this occurs, the lower or weaker classes must suffer from lack of food; that unless an increase of population be checked by prudential restraint poverty is inevitable, and that the multiplying of the population will be checked by poverty, vice or some other cause of suffering.

## You Get the Money

The money that is spent to advertise goods you buy, comes to you. Once many people had the idea that goods advertised must be more expensive than goods for which no money was spent in advertising.

That is about as sensible as saying it costs more to make goods by machinery than by hand, because you have to buy the machine.

Without advertising you have to sell goods "by hand." Just as a machine, will make ten times, or a hundred times, as many articles as can be made by hand; so advertising sells ten times, or a thousand times, as many articles as can be sold "by hand."

For instance: A merchant buys a stock of a certain line of goods. He spends a thousand dollars for these goods. Occasionally someone buys one of them, but most of his thousand dollars stays on

the shelf. He must sell to make a profit, he must sell to be able to buy more goods, he must make sales to stay in business.

So he divides his profit three ways, one-third for himself, one-third for Advertising and one-third in price reduction for you.

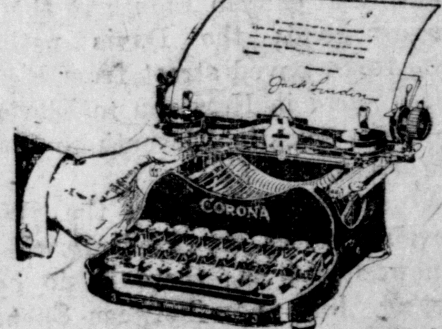

His advertising sells these goods in a few days. He has made one-third as much profit in six days as he would have made in six months if he had not advertised. He has shared his profit with you in return for your giving him your business.

Both of you make money; both of you save money.

There's no use arguing, you know it pays to read advertisements.

WANT REASONABLE PRICES ON LUNCHES

Further Efforts Being Made by School Lunch Association to Obtain Lower Charges

PAY EXORBITANT PRICES

Indianapolis, Ind., Nov. 4—Further efforts are being made by the School Lunch Association here to obtain reasonable prices on lunches so that the school children may buy their lunches without being made to pay exorbitant prices.

Lunches were forced out in the Indianapolis schools because the children found that it would be cheaper to carry lunches than to pay these prices.

It was expected by members of the association, however, that they will be able to buy eatables cheaper in view of the recent drop on the local markets and also that they will be forced to buy in larger quantities.

## Alibis and Explanations

This is the season of alibis and explanations. In spite of all of the excuses and "I told you so" opinions, doubtless no single person or group of persons can interpret the election results. Many men in public life will see the overwhelming vote as a confirmation of their views, but that does not make their ideas the correct ones.

As for example, Hiram Johnson says that the large pluralities given Harding show clearly that the people of the United States do not want any sort of a league of nations. This apparently is not the case. Johnson can see it no other way because his sole campaign was opposition to any league.

While it is true that Wilson asked for a solemn referendum on the league, there is no indication that he got it; nor was there any before the election that he would get it. The league was never a dominant issue, although the party in power attempted to cover up its misdeeds by stressing the peace treaty and

covenant. It is quite certain that most of the people had intelligence enough to know that the election of Gov. Cox would not mean ratification of the league of nations, and in a modified form, they did not allow this question to influence their vote very much.

Mark Sullivan just about summed up the situation correctly when he said previous to the election that the widespread trend to the republican party was due to a disposition of the people to turn out the "hired man" because he had not served as he should.

## Savers and Spenders

Can you recall the little incidents of your young days?

Perhaps you remember some child who was "close" with his pennies, who put them in his bank and kept them there.

That child, even in its tender years, was imbued with the habit of saving, was cultivating the budding idea of thrift.

If you can locate that child today you will probably find a man who has made a commercial success of life, who is financially at ease, even if not wealthy.

The child who saves his pennies in time becomes the man who accumulates his dollars.

But the one who spends his pennies as fast as he gets them generally finds that in after years the habit has fastened itself upon him to such an extent that his life becomes one of endless spending—always earning money but never having a surplus dollar.

The greatest financial injury you can do your child is to encourage it to go out and spend its few cents. It marks the beginning of a bad ending.

For it is easier for the leopard to change its spots than for the spender to be anything but what he is.

President-Elect Harding, judging from his past record and his utterances during the campaign, would

have followed the golden rule even though his employees had not presented him with one on election day.

We opine that a number of new niches will have to be created in our hall of fame in order to accommodate the increasing number of prominent bootleggers.

And why shouldn't our American women be the most beautiful on earth? They pay \$750,000,000 a year for rouge, lipsticks and perfume.

Of course, we all know we have our faults, but we are quite convinced that the other fellow has more.

The women very clearly demonstrated that they have not lost any of their sense of intuition.

## No More Funerals For Dead Animals, City Council Decrees

Hereafter there will be no more funerals for cats, rabbits, snakes, turtles or rats, in this city, as the councilmen decided that the City Undertaker Watt Bartlett, was getting too much business. His bill presented at the council meeting called for \$7.50 and included 8 cats, 2 rabbits and one dog. His allowance was cut to \$5.00. The council issued an order whereby the city will not haul away dead animals that could be buried easily, and only large dogs will be hauled by Mr. Bartlett. The chief of police will also act as coroner and first inspect the dead and then order the city undertaker to the scene. The chief of police will also act as of the number of hauls.

## Does The Finger Of Poor Health Point At You And Accuse You Of Neglect? Take Druggists Advice

It is the neglect of early symptoms that cause ninety percent of the sickness and suffering today, expert declares. Attend to the first signals sent out by nature.

## Marion Man Has No Regrets From Taking Dreco

Declares the great root and herb medicine went straight to the spot

Relieved headaches, constipation, gas in the stomach indigestion and filled him with vigor and vitality

"I will never regret taking Dreco for it went straight to the spot which is something no other medicine ever did for me," declared Mr. Andrew Frederick, a well known and highly esteemed employer of Bedell's Wood Work Factory, Marion, Ind.

"I have suffered years from indigestion, dull aching headaches, gas in the stomach and was daily constipated unless I would take some kind of medicine all along. I have finished my second bottle of Dreco and I feel like I never saw a sick day in my life. I eat big meals and never have the gas any more, sleep all night long, bowels are free and regular. I feel full of vim and vitality and go about my work like it was play."

Now is the time to take a good reliable tonic to build up the system and get yourself in first rate trim for the hot weather. Dreco is a powerful tonic, yet gentle in its action. Good for young or old alike.

All good druggists now sell Dreco and it is being especially introduced by F. B. Johnson & Co.—Adv.

A headache, gas in the stomach, dizzy feeling, pain in the back, over the kidneys, constipation, taking cold easy, and other slight troubles may be warnings.

Go to your family druggist today, get Dreco and fortify your system against disease.

"It is neglect of the first signs of disease sent out by Nature, that cause much sickness and suffering," declared a noted expert.

When an engineer sees a red flag on the track, he immediately shuts off his steam, bringing his train to a stop. He recognizes the danger signal, why can't men and women recognize the danger signals of health? A slight headache, gas in the stomach, dizzy spells, foul bad taste in the mouth, biliousness, pain over the kidneys, bowels constipated, nervousness, cold feet and pale cheeks may all be considered early signs that all is not well with our systems.

When these first signals appear, you owe it to yourself to do something to correct the underlying cause. You should get your stomach in good order; your bowels moving daily; rouse that lazy liver to action, strengthen the kidneys so they can filter the poisons from your blood. Those are your most important organs, which, if kept healthy and in full action, will keep you strong and healthy and able to enjoy life to the fullest.

Dreco, the great root and herb compound aids the stomach in digesting the food properly without forming gas, clears the excess bile from the liver; gives renewed strength to the kidneys and overcomes stubborn constipation.

## Is Able To Work After Being Off For Six Weeks

Indianapolis machinist was down with kidney trouble, lazy liver, disordered stomach and nervousness.

Claims the new medicine Dreco has given him prompt relief and advises the public to try it.

"I advise everyone who has a sluggish liver, weak kidneys or stomach trouble to get a bottle of Dreco at once for it will surely relieve them," declared the well known Machinist, Mr. N. W. Thoonburgh of 962 Ewing Street Indianapolis, Ind.

"I often had to get up five or six times during the night; this broke up my rest very badly and next morning I'd be tired out and not fit for work, my liver was lazy, which gave headaches, dizzy spells and that no-account feeling, my food did not digest well but lay heavy in my stomach."

"Dreco put a stop to all this and now I sleep the whole night through without waking up. I never have dizzy spell not a backache Dreco did me so much good that my wife is also taking it and it has about relieved her constipation and nervousness. Both of us are great believers in Dreco and have told a lot of our friends about it."

Dreco acts on the bowels and relieves constipation, rouses a sluggish liver to full action, strengthens the kidneys; purifies the blood; quiets the nerves; induces sound sleep and acts as a tonic to the vital organs, giving renewed energy and assistance.

## SAM DENIES IT

Sam Young denies it.

In fact, he was almost sore about it—that large "D" after his name in the election table printed in the Daily Republican last night. Sam was tempted to use the naughty word which also has a large "D" in front of it, but he didn't. He was elected, so he should worry a lot whether it was a "D" or an "R." The linotype operator nor the proof reader had anything against Sam—and the whole world knows Sam belongs in the "R" column.

# SOCIETY

Mrs. Douglas Morris will entertain the members of the Thimble Club Friday at her home in East Fifth street with a noon luncheon.

Mr. and Mrs. Irvin Price of near Carthage were the Sunday afternoon guests of Mr. and Mrs. J. D. Austen, living northeast of the city.

The Little Light Bearers and Juniors of Sexton will meet at the close of Sunday school next Sunday. All members are requested to be present.

The Ladies of the third division of the Social club will meet with Mrs. R. L. Tompkins Friday evening at seven o'clock to arrange for a club supper to be given on Nov. 10.

The Women's Missionary Society of Sexton will meet at the home of Mrs. Alf Fry, next Tuesday afternoon. An interesting program has been prepared with Mrs. Grace

Winkler as leader. All members are most earnestly requested to be present.

The W. R. C. will have a call meeting Saturday at the Red Men's hall in West First street, for the purpose of practicing for inspection, which will be held next Wednesday. The meeting will be called promptly at two o'clock and a good attendance is urged to be present.

Mrs. Arnold Yazel of this city has received an announcement of the marriage of her daughter, Miss Gladys Clevenger to Paul W. Shinn of Iola Kas., formerly of this city. The wedding took place last Thursday at Iola and the young couple will make that place their future home.

Mrs. Mary Brown was hostess for the members of the Wednesday Afternoon Sewing club yesterday afternoon at her home in West First street. A good attendance

was present for the meeting. The hours were enjoyed with an informal party during which the members sewed. Refreshments were served at the close of the meeting.

The C. W. B. M. of the Orange Christian church was delightfully entertained this afternoon at the home of Mrs. Albert May at her home near Orange. An interesting program was given, followed by a business session and social hour during which delicious refreshments were served.

Mrs. Sarah Casady entertained Sunday with a family dinner party, honoring her eightieth birthday anniversary. The dining table was centered with a large bouquet of laid for Mr. and Mrs. Dick Fleehart, Mr. and Mrs. E. R. Casady and family, Mr. and Mrs. Knowles Casady, Mrs. Joachim and Mr. and Mrs. Samp Casady of Shelbyville, Mr. and Mrs. Frank Cotton of Carthage, Mr. and Mrs. Will Bennett

chrysanthemums and covers were and family, Mrs. Blanche Riley and Miss Julia Casady.

Many ladies of the Women's Home Missionary society of the St. Paul's M. E. church, went to Shelbyville today to attend the thirty-fourth annual meeting of the Women's Home Missionary Societies of the Indiana Conference of the Methodist Episcopal churches, which opened yesterday at the First M. E. church in that city.

Miss Carrie Barge, the national field secretary, made the opening address yesterday before a large crowd, which included delegates from all parts of the state.

Mrs. A. C. Hawn of Indianapolis, secretary of the young people's conference, conducted today's meeting and Bishop F. L. Leete of the Indiana area will give the closing address for the society this evening.

Among the pretty social events being given in this city during the Autumn season was the prettily appointed informal party given by the Mesdames Robert Innis, Russell Kirkpatrick, Elmer Humes and Ben Humes, this afternoon, at the home of the former in North Harrison street. The hours for the party were from two to four and from four to six. The home was beauti-

fully decorated for the occasion in chrysanthemums and ferns.

The program for the afternoon was given by Miss Dorothy Haines, reader, of Indianapolis, and Mrs. Bertha Shelsmidt Koehne harpist, also of Indianapolis. Both the entertainers are talented musicians and rendered very appropriate and entertaining programs which were highly appreciated by the ladies present.

This evening the hostesses will entertain the gentlemen with a course dinner party at the home of Mrs. Innis.

## "SCRATCHING" UNCOMMON HERE

Continued from Page One  
made on the grounds that the voter had made a false affidavit regarding his reasons for using the absent voters law to vote. Each board had a copy of the law and democrats on the boards were convinced that absent voters could not be challenged except for cause. The causes for challenge are enumerated in the law and do not include any covering the case of an absent voter who is alleged to have made a false affidavit. That is a matter which could not be decided by the election board and which could not prevent the vote from being cast.

The I. & C. traction company will also be asked to repair Seventh street within their portions of the street. The street is rough, and the traction company will be asked to repair the street with gravel.

On November 29 there will be a school in Indianapolis for fire chiefs and the council will more than likely make arrangements to send Joe Williamson, fire chief to the school.

## SCOTLAND MOSTLY WET.

Glasgow, Scotland, Nov. 4.—In complete returns from Scotland's first prohibition election today showed 146 voting areas continuing wet and 17 dry, and 23 voting for limited prohibition. Wets were elated over the early returns. Indications were the bigger industrial centers would remain wet with the exception of a few wards.

## Camel's Foot.

The camel's foot is like a soft cushion, peculiarly well adapted to the gravel and stones over which it is constantly walking. During a single journey through the Sahara, horses have worn out three sets of shoes, while the camel's feet were not even sore.

# Another of Mauzy's Money-Saving Events

For several weeks Mauzy's has been offering to the public unusual and ever-increasing opportunities to save. This event is designed to stimulate still further the present steady out-flow of merchandise, and to that end prices have been attacked mercilessly. Join the throngs that will participate in this economy stroke.

For two weeks, (or until present stocks are depleted) this sale will continue. With winter at the threshold, it will pay you big to capitalize on these offerings, and to anticipate your needs for the entire family and the home. Set aside a definite time (the sooner the better) for an excursion to this bargain carnival.

"Gets-It" For Hard or Soft Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, cap and root—banish it entirely.

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!

"Gets-It," the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago.

## PREPARE FOR WORLD LIVE STOCK MEETING

Each Season This Spectacle of Animal Life is Given New Stage Setting Involving Labor

WILL BE HELD AT CHICAGO

Preparation for the World's Greatest Live Stock Exposition at Chicago during the first week of December, are now well under way. Each season this spectacle of animal life is given a new stage setting, involving the labor of hundreds of men for several weeks and an expenditure of many thousand dollars. Part of this is necessitated by essential convenience for man and beast; part goes to furnish the coloring that has given the Exposition atmospheric brilliancy, intensified as each season rolls around. An enormous sum is required for light effects, a feature of the "International" that has always been abreast and much of the time in advance of such improvement as electrical ingenuity develops. This year a number of scenic novelties have been introduced, arrangement of exhibits has been perfected and a more elaborate setting given the latest addition to this aggregation of spectacles—the Grain and Hay Show, under the auspices of the Chicago Board of Trade.

When the gates are thrown open to the public, November 27th, a month hence, all this elaborate and expensive getting-ready programme will insure the most successful International Live Stock Exposition since the inauguration of that enterprise, which has been effective in promoting the welfare and progress of the live stock industry of all sections of North America.

## FEDERAL INSPECTION PREVENTS BIG WASTE

Shippers, Receivers and Others Interested Assisted.

Sworn Statements as to Condition of Fruits and Vegetables Hastens Sales, Thereby Facilitating Distribution.

More than 25,000 Inspections of fruits and vegetables moving in interstate commerce were made by representatives of the bureau of markets, United States department of agricul-

ture, during the 12 months ended June 30, 1920. This is an increase of 78 per cent over the number of inspections for the preceding year.

By the use of food products inspection service shippers, receivers and others interested can obtain sworn statements attesting the condition of perishable products received at central markets. With immediate evidence of the condition of the food sales are made promptly, thereby facilitating the distribution of the products handled. This prevents deterioration and waste on account of delays resulting from disputes as to the condition of products, hastens the release of cars and prevents unfair trade practices.

The bureau has some 40 representatives located at 26 important market centers to make inspections upon request of those concerned with the shipments. A charge of \$2.50 is made for less than half a carload and \$4 for each half a carload or more.

### AUTOMOTIVE DEALERS OPEN A CONVENTION

First Time Indiana State Capitol Has House Meeting of Automobile Men

FOR PSYCHOLOGICAL EFFECT

Indianapolis, Ind., Nov. 4.—Doors of the state house were thrown open today to members of the Indiana Automotive Dealers association meeting here in convention and organization meeting.

This was the first time the Indiana state capitol has housed a convention of automobile men and the second time that such a convention has been held in a state house in the U. S. The idea of holding the meeting in the state house was for psychological effect.

According to figures of the association, Indiana is one of the leading automobile states in the union. This is judged from the amount of money paid into the state treasury from auto license fees.

**LONDON GETS THE COCKTAIL HABIT**

\*\*\*\*\*

London, (By Mail).—London has adopted the cocktail habit and no establishment is now considered complete without an "American Bar."

The habit has specially caught on with women and in the Ritz, Carlton, Piccadilly and other well-known West End restaurants diners come early and spend a preliminary half hour chatting over an "aperitif."

Nearly every Englishman now has a particular "shaker" he swears by. At the American Club, Collins, a colored man, is declared to be the London champion Shaker, but those who frequent the Royal Automobile Club bar speak reverentially of "Nick," who is renowned as "a great artist."

### An Enemy to Good Health

Good health has no greater enemy than constipation. You cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities, and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning. F. B. Johnson.

Several Names Have Figured in Talk About The New Cabinet That Harding Will Appoint

NOTHING DEFINITE AS YET

(By United Press)

Marion, Ohio, Nov. 4.—Special interest regarding the cabinet was noticed before telegraph instruments in Harding's headquarters had ceased clicking of election returns.

No one presumably at this stage of the game knows who will be picked. The following list of names however has figured in talk around headquarters since it became apparent Harding would be elected.

Secretary of state—Henry Cabot Lodge, Herbert Hoover, Elihu Root.

Secretary of Treasury—Governor Frank O. Lowden, Fred W. Upham, Illinois.

Secretary of War—Major General Leonard Wood; General John J. Pershing.

Attorney general—George W. Sutherland, Utah.

Postmaster General—W. F. Brown, Ohio; Will Hays and Harry Daughterty, Ohio.

Secretary of Navy—John W. Weeks, Massachusetts.

Secretary of Interior—Senator Samuel Fall, New Mexico.

Secretary of Agriculture—Henry Wallace, Iowa.

Secretary of Commerce—J. J. Esch, Wisconsin.

Secretary of Labor—Congressman John R. Nolan and Raymond Robbins.

## PRESENT CLIFTY FALLS TO STATE

Six Hundred Acres of Rugged Pic-  
turesque Land to be Converted  
Into a State Park.

INDIANA NOW OWNS 3 PARKS

Gift Was Made Possible by Citizens  
of Madison and Jefferson Co.  
And Efforts of W. A. Guthrie

Indianapolis, Nov. 3.—Beautiful Clifty Falls, included in approximately 600 acres of rugged, picturesque land, has been presented to the State to be converted into a state park. With its acquisition Indiana now owns three state parks and the movement for extension of this service to the people receives considerable stimulus.

The gift was made possible through the generosity of the pursuing spirited citizens of Madison and Jefferson County, and is in a great measure due to the untiring efforts of William A. Guthrie, chairman of the State Conservation Commission, who more than a year ago became interested in the project. Associated with him in the pioneer work of obtaining Clifty Falls and vicinity for a state park, were Elmer Scott, Joseph Schofield, William H. Miller and members of the Madison Rotary club.

Mr. Guthrie, representing the state department, and Mr. Miller and John W. Tevis, acting for the citizens of Madison and Jefferson County reporter to Governor Goodrich that a fund of approximately \$15,000 had been raised to purchase the proposed park. They tendered a bond for this sum to the department of conservation, binding the agreement that the Clifty Falls tract would be bequeathed to the State. In consideration of the gift the State agrees to spend approximately \$20,000 toward its improvement. The new park will be under jurisdiction order, department of conservation and improvements will be outlined by members of the conservation commission.

Clifty Falls Park is situated about a mile and a half from Madison. It is accessible to auto, steam and river travel, being only about 100 yards north of the Ohio river. Governor Goodrich has approved three Jefferson county roads designated by the state highway commission for inclusion in the state highway system, all of which connect with the park.

One is the Versailles to Madison road, another the Vernon to Madison road and the "river road" from the Jeffersonville-Switzerland county line road through Vevay to Rising Sun. The new park joins with 1100 acres in the State-owned reservation known as the Southeastern Indiana Hospital for the Insane, and gives Indiana approximately 1700 acres in one large tract.

Clifty Falls and adjacent land which will compose the third state park, has long been known as one of the primitive scenic spots of southern Indiana. The rugged topography, forest clad hills, deep gorges and emerald hued valleys comprise a panorama of beauty of native architecture that is unexcelled. Truly this portion of Jefferson county may be likened to the "Switzerland of Indiana".

In the park there are about thirty distinct water falls, chief of which is the famous Clifty Falls. Here the water courses over a majestic drop of ten to twelve feet in height. The considerable volume of water is occasioned by Clifty stream entering the reserve in two distinct streams and merging at a point some distance above the cascades.

Some Virgin timber stud the sharp, rugged hills, and due to the fact the park grounds have long been exploited by private enterprise there are numerous entrancing by-paths and delightful shady, branch-draped lanes.

When the first railroad enterprise in Indiana was projected about 1834, engineers constructed a tunnel for nearly a mile thru these wonderful hills. It was abandoned after the cut was finished when it was decided to shorten the route by cutting through the rocky cliffs. This old tunnel is to be converted into a motor road of rare scenic beauty.

With the acquisition of Clifty Falls, Indiana now possesses three state parks, Turkey Run, 288 acres, McCormick's Creek Canyon Park of 360 acres and Clifty Falls of 600 acres. Extensive improvements have been made at Turkey Run and McCormick's Creek Canyon, and this year 50,000 people visited the former and about 20,000 the latter.

## LONDON GRATIFIED TO HEAR ABOUT ELECTION

Newspapers Comment Upon People's  
Choice and Offer Criticisms to  
Governor Cox

CALLS IT A FOOLISH LEAGUE

(By United Press)

London, Nov. 4.—The United States has revolted against the supermen in politics, the Evening Standard said today. The Globe called Senator Harding's election a fortunate thing for Anglo-American friendship.

"It is a good thing that Governor Cox was snowed under," the Globe said. "He had plunged an interference in Irish affairs which England could not and would not have blocked. It is fortunate that Cox will return to an obscurity where Amer-

ican politicians of his type emerge.

"Senator Harding does not intend that America shall become involved in the controversy over a foolish league of nations," the Globe said.

## FARM ACCOUNTS AID TO BETTER PROFITS

Quite Essential to Any Well-  
Thought-Out Plan.

Farmer Enabled to Meet Conditions in  
Way That Will Give Him Great-  
est Net Returns on Various  
Crops He Produces.

Farming is a business, and, to be successful it must be conducted in a businesslike manner. It involves the production and sale of commodities, just as does manufacturing. The business man, whether in factory or on farm, should be constantly considering two questions:

1. What profit is my business making?
  2. How can that profit be increased?
- The first of these must be answered before an intelligent effort can be made to answer the second. Proper accounting leads directly to the answer to the first question, and hence it is essential to any well-thought-out plan to increase profits.
- The problem of the farmer is to meet conditions on his own farm in a way that will give him the greatest net returns, year in and year out, for the use of his capital, his labor, and his managerial ability. Before he can be considered a successful farm operator he must produce results that will cover the value of all these. Capital can earn interest without labor on the part of its owner, and labor can earn wages without owning any capital. The farmer, utilizing both in the conduct of his business, should secure returns that will cover both interest and wages. Not until both of these have been more than covered can any profit be credited to the farming operations. Nothing but return in excess of interest and wages can properly be considered as net profit.

### Art of Staining Glass.

Fifty years ago the old secret of staining glass, which was lost with the decline of art in the seventeenth and eighteenth centuries, was rediscovered and, with the aid of chemistry, has made remarkable progress. This is shown by the fact that today the glass-stainer disposes of more than 5,000 different pigments, while in the twelfth century, the golden age of glass staining, only 12 colors were known.

### "Your Medicine is O. K."

Mrs. Chas. Rule, New Diggins, Wis., writes: "Your medicine is O. K. I think Foley's Honey and Tar is the best for coughs. I think your medicine is for all you say it is. I know I would never be without it. You may use my name". Foley's Honey and Tar acts quickly, checks coughs, colds, and croup, cuts the phlegm, opens air passages and allays irritation. It stops sleep-disturbing coughing at night. Children like it. Contains no opiates. F. B. Johnson.—(Adv.) 3

### "The Jail Bird" Here Two Days

If all convicts could effect their escape from prison with the dexterity shown by Douglas Mac Lean in his first Paramount starring vehicle, "The Jailbird," there would soon be no one left in the penitentiaries but the wardens and the guards.

Doug's escape from jail is but one of the many humorous incidents that occur in "The Jailbird," a new Paramount picture produced by Thomas H. Ince, which will be shown at the Princess Theatre today and tomorrow.

Prison visitors, a collar and shirt lying in easy access on an office desk, and a suit of civilian clothes in the warden's closet, are the accessories that aided Doug's escape. While the guard is showing a crowd of visitors through the prison Doug, left alone in the warden's office where he is a trusty, snatches the collar and shirt, adjourns to the closet, dons his "civies," and remains there until the return of the visitors. As they pass the closet door he steps into their midst and exits with them through the prison gates. How he gets back into jail is another story.

to "So Long Letty," the famous song and dance show in which the monumental comedienne was seen there several seasons ago.

The sequel part is explained by the fact that Miss Greenwood appears once more as the free and easy Letty, the heroine of all sorts of humorous situations and the proud possessor of the longest arms and legs that the American stage can boast of.

The whole piece revolves around her; it could not do without her and all that need be said is that in this new production she has duplicated the remarkable success she made in "So Long Letty." According to the reports, she never was funnier; her new songs and dances, together with her familiar and unparalleled comedy feats, have made "Linger Longer Letty" even more popular than its predecessor and that is saying a great deal. The entire production is intact, without the slightest change.

Prominent among the members of the unusually strong company are Robert Higgins, Oscar Figman, Olga Roller, Ida Stanhope, George Sweet, Curlyne Englar and Frances Bensten.

What Really Makes for Success. There are a few men and women so circumstanced and handicapped that the only possible success for them is their heroic acceptance of what to others would be failure. But with the great majority the element that is lacking is the hearty taking hold of the work before them.—Exchange.

New York, Nov. 4.—Virtually  
complete returns from the whole  
country today showed Harding  
would have probably at least 401  
votes in the electoral college and  
Cox 130.

The outcome in New Mexico with  
three votes was still doubtful. Okla-  
homa appeared to have come into  
the republican column.

## PALMER'S PART TO BE INVESTIGATED

Judge Anderson Notifies Him His  
Connection With Coal Cases  
Will Be Probed

### TO BE TAKEN UP IN COURT

(By United Press)

Indianapolis, Ind., Nov. 4.—Fed-  
eral Judge A. B. Anderson will in-  
vestigate the connection of At-  
torney General Palmer with a con-  
spiracy case against 125 coal operators  
and mine workers in open court  
when the case is called for trial  
next Monday, November 8, the  
court announced today.

It is understood that Palmer has  
ordered all the attorneys prosecut-  
ing the case, not to present at the  
trial on conspiracy charge, evi-  
dence submitted in the strike in-  
junction hearing which led to the  
rumor striking a year ago.

Palmer's order lead to the re-  
signation of Dan Sims, special as-  
sistant attorney general prosecuting  
the case, and it has been reported  
that Fred VanNuy, United States  
district attorney, and also Lewis  
Slack, special prosecutor of the  
case, are about to resign as the  
result of the order.

The case against the miners and  
operators charges conspiracy to  
violate the Lever law by acting in  
combination to boost coal prices.  
In a telegram to Palmer, sent at  
the request of Judge Anderson,  
able C. Butler, clerk of the dis-  
trict court, advised Palmer that  
such action would be taken and  
that he was instructed to send the  
message so as to give Palmer op-  
portunity to be present if he so de-  
sired.

plurality over Cox 171,808 with 317  
precincts of 3,385 in the state still  
to be heard from.

Senator James E. Watson, re-  
elected United States senator, was  
leading Thomas Taggart, democrat,  
by 138,533, on the basis of returns  
from 2,947 precincts. In the gov-  
ernorship race Warren T. McCray, re-  
publican, had a plurality of 140,000  
over Carleton McCulloch, democrat,  
with 2,950 precincts reporting.

All of the 13 congressional dis-  
tricts sent republican congressmen  
to the house of representatives.

A heavy majority in both the  
house and senate of the state legis-  
lature was assured. Indications are  
that the next senate will line up 41  
republicans and 9 democrats. Seven  
of the democrats are hold-overs.  
The republicans are expected to  
have 90 members in the lower house  
and the democrats 10.

The Farm Labor party cast 7,784  
votes in the state with 3,000 pre-  
cincts heard from. Next came the  
socialists with 5,500; the prohibi-  
tionists with 4,177 and the Single  
Taxers with 82 votes.

## BRYAN SUGGESTS THAT WILSON QUIT

Believes Marshall Should Assume  
Presidency and Appoint Harding  
Secretary of State

### TO GET HIS PROGRAM STARTED

Advices Marshall to Resign When  
December Congress Meets in  
Favor of President-Elect.

(By United Press)  
Chicago, Ill., Nov. 4.—William  
Jennings Bryan here today suggested  
that as a result of the election, Pres-  
ident Wilson resign immediately, al-  
lowing Vice-President Marshall to  
assume the office.

Marshall, Bryan said, should ap-  
point Harding as secretary of state  
and then also resign when congress  
meets in December in order to allow  
Harding to start carrying out his  
program immediately.

The law regulating succession to  
the presidency would put Harding in  
the president's chair if the program  
is carried out.

"The people voted against the Wil-  
son league and for the association  
of nations endorsed by the republi-  
cans," said Bryan, in an exclusive  
interview with the United Press.

"It would seem proper, therefore,  
that the president accept the verdict  
and aid in carrying it out by resign-  
ing at once. He surely would find it  
no pleasure in combating with a re-  
publican congress. It would also en-  
able Vice-President Marshall to be-  
come president for a short time—an  
honor which he has well earned."

Bryan declared that he knew  
nothing of any proposed conference  
of democrats to plan a new demo-  
cratic program. There is, no doubt;  
however, that there will be a con-  
ference of democrats to get together,  
he said.

He declares that the result of the  
election would show is such a con-  
ference that the leaders of the party  
would have to change its program.

"The democrat party is and has  
been a progressive party," he said.  
"The San Francisco convention did  
not represent the rank and file of  
the party. It was under a joint con-  
trol which had special interests other  
than party reform. This joint  
control represented three things—  
First—the wets who sought to  
change the ten commandments for  
beer with a kick in it; second—Wall  
street; third—Idolators and office  
holders.

## COAL FAMINE HITS CITY LIGHT PLANT

Supt. Mahin Will Shut Off Electric  
Power Consumers Friday Noon  
If None Arrives

### WILL LAST TILL FRIDAY NIGHT

The supply of coal at the city  
water and light plant is so danger-  
ously low that electric power con-  
sumers will be shut off if more fuel  
is not received by Friday noon, A.  
T. Mahin, superintendent of the  
plant, announced today.

The superintendent stated that  
there was barely enough coal at the  
plant to keep it in operation until  
Friday night and that if more did  
not reach Rushville by tomorrow  
noon, he would be compelled to  
shut off the electric power so that  
current could be provided for light-  
ing and running the pumps on the  
city's water wells as long as pos-  
sible.

Supt. Mahin stated that the city  
had some coal on the road and that  
it should be here by this time, but  
that there was a bare possibility  
that it would not arrive before the  
present supply is exhausted.

## JOLLIFICATION IS BEING DISCUSSED

Number of Cities in Sixth District  
Look to Rushville For Big  
Ratification

### TURN TO WATSON'S HOME CITY

No Definite Arrangements Made But  
Agitation For Recognition of  
Victory is General

Local republicans were undecided  
today about holding a big ratifica-  
tion in this city about next Monday  
night, and it is expected that some  
definite conclusion about the cele-  
bration will be reached some time  
today or in the morning.

Almost every city in this district  
is making arrangements to cele-  
brate the republican victory in big  
fashion, and already several of  
these cities have communicated with  
the county organization here, so as  
not to have dates conflict.

Republicans in the sixth district  
naturally look toward Rush county  
for a big jollification, because of  
the overwhelming plurality that  
Senator Watson received. Several  
cities have called in, wanting to be  
certain of the night so that large  
delegations from all over the dis-  
trict could be here.

There are a few Republican lead-  
ers who do not want to ratify over  
the election, but the majority of  
voters think that such a landslide  
of the entire ticket, should not go  
without some kind of a celebration.

In former years the victors al-  
ways set aside one night for the  
jollification and invited other cities  
to come here and take part in the  
evening's entertainment. In those  
days torchlight parades, bands,  
drum corps and all noise making  
devices would be in order, and peo-  
ple in general would turn out and  
do their bit by marching and yelling.

Public speaking also had a part  
in the celebration, and short ad-  
dresses by the winners always end-  
ed the evening's program. Senator  
Watson will return to Rushville the  
latter part of this week, and by all  
means, it is declared, the republi-  
cans of Rushville and of this dis-  
trict should turn loose in big fash-  
ion and celebrate with red fire,  
bands and noise as they never cel-  
ebrated before.

Several prominent democrats,  
confident of victory, had already  
planned for a big celebration here  
in the case of the election of Tag-  
gart and Cox, it was stated today,  
and one of them expressed them-  
selves that they expected to "turn  
the town wrongside out."

Republicans should agitate the  
celebration movement and get busy  
before the real enthusiasm of the  
election subsides, many believe.

## "SCRATCHING" UNCOMMON HERE

Vast Majority of Votes Cast in Rush  
County Tuesday Were For  
Straight Tickets

### WOMEN ALMOST DOUBLE VOTE

Total Cast For President Lacks  
635 of Being Twice as Many in  
The 1916 Election

Any analysis of the vote in Rush  
county on Tuesday shows that the  
scratching of tickets was a very  
uncommon practice. While it is true  
that a few candidates on the republi-  
can ticket came through with  
pluralities—a few, hundred below  
the leaders, the vast majority of the  
voters of the county voted a vast  
straight republican or democratic  
ticket.

A study of the table giving the of-  
ficial vote, reveals that women were  
as much inclined to vote straight  
tickets as men and that they did  
do it in most cases, because the  
variation in the pluralities are not  
any greater than formerly consid-  
ering the fact that the vote was  
doubled.

Precinct inspectors who have  
been interviewed on the subject say  
that scratching was not any more  
common than in former years.

There are still a lot of people,  
after all of the publicity which was  
given the matter of voting, who did  
not vote correctly. Instead of mark-  
ing a cross in the circle at the head  
of the ticket for which they wished  
to vote, a number of voters merely  
voted for the first elector at the top  
of the list of candidates and  
thought they had voted the straight  
ticket.

Others who wanted to scratch  
their ticket voted for the first  
elector and thought they had then  
voted for president, instead of vot-  
ing for all of the electors. This mis-  
take was revealed in the official  
count of votes, which showed that  
in every precinct the first elector  
got more votes than any of the other  
electors.

The way the women of Rush  
county participated in the election  
was one of the marvels of the day.  
They not only voted but they work-  
ed like Trojans to get out the vote  
in their party. They stood all day  
at the polls in the bitter cold to  
keep count of the women of their  
party voting. They rode in automo-  
biles all day, getting voters to the  
polls, and in every way were as ac-  
tive as the men.

Much of the interest the women  
took in the election was due to the  
work of the two party organiza-  
tions. They enthused the women  
and made them realize their duty  
since they had been granted the  
ballot. The republican organiza-  
tion made an especially hard fight  
to get the women registered and  
was very ably assisted by Mrs. A.  
L. Stewart, woman's county chair-  
man, who worked unceasingly for  
republican success in the county.  
It is regarded as doubtful whether  
the republicans ever had a better  
organization than this year.

The fact that women generally  
participated in the election is re-  
vealed by the election figures. The  
total vote cast for president this  
year lacked just 635 of being double  
that of 1916. The total vote Tues-  
day for all presidential candidates  
was 10,805 as compared with 5,720  
four years ago.

The aftermath of the election is  
not disclosing any bitter feeling.  
Although the republicans were  
somewhat angered by the tactics of  
some democrats in calling up re-  
publican women who voted with an  
absent voters ballot and warning  
them that they would be prosecuted  
for perjury, they have forgotten it  
in the marvelous victory which the  
republicans rolled up Tuesday.

The warning of the republican  
committee the night before the  
election that the democratic organi-  
zation workers were planning to  
challenge absent voters, was in ef-  
fect true, because in many precincts  
the democrats had blank forms  
ready to challenge.

The question all rested with the  
election boards, and they quickly de-  
cided that a challenge could not be

## ACTIVITIES IN COURT RESUMED

Business Being Transacted Again  
With Election Day Past—Term  
To End Saturday

### A PETITION FOR SUPPORT

Evidence Heard in Scott Case and  
Taken Under Advisement—Louise  
Walker Asks Divorce

Circuit court resumed activities  
this morning, after being quiet for  
several days on account of the  
election. This morning the evidence  
was heard in the petition filed last  
week against Thomas B. Scott, in  
which Mrs. Scott petitioned for  
support money during the pendency  
of the divorce case. The matter  
was taken under advisement.

In the case of Mary E. Gardner  
against George Goddard and Nash  
Goddard, administrators of the es-  
tate of Clarissa Goddard, an agree-  
ment was reached and the case  
was dismissed. Mrs. Gardner de-  
manded \$1,324.08 in a claim filed  
against the estate, and the agree-  
ment reached awarded her \$690.59.

Louise Walker is plaintiff in a  
divorce suit filed today, in which  
she asks a separation from John  
Walker. The complaint states that  
they were married in May, 1910 and  
separated October 31 of this year.  
She charges her husband with call-  
ing her vile and infamous names  
and accusing her falsely of associ-  
ating with other men. Mrs. Walker  
states that on October 31, her hus-  
band left her. She resides at 830  
West Eighth street.

The September term of court will  
end Saturday and next week will  
be vacation week, with the November  
term beginning on the 15th of this  
month.

## GLENWOOD CHURCH HOLDING SERVICES

Dedication Week is Being Observed  
Nightly and Final Services Will  
be Preached Sunday

### BISHOP LEETE TO PREACH

The Dedication Week program  
which is being carried out nightly at  
the Glenwood M. E. church, is being  
attended by large audiences and the  
final program will be given Sunday,  
with the dedication address by Dr.  
J. M. Walker, of this city, who is  
district superintendent.

The program for tonight will con-  
sist of a song service by the Glen-  
wood Choir and a solo by the Rev.  
C. S. Black of this city, who will  
also preach the sermon. J. F. Mapes  
will have charge of the devotional  
exercises and the Rev. F. T. Taylor  
of Glenwood will render the benedi-  
ction. Tomorrow night the Rev. J.  
W. McFall of Connersville will  
preach and music will be rendered  
by the choir and a male quartet  
from Connersville.

There will be no services Satur-  
day, but on Sunday a fine program  
has been arranged beginning with  
the morning worship. At this time  
Bishop F. D. Leete will preach the  
sermon. The afternoon sermon will  
be preached by the Rev. J. M. Wal-  
ker of Rushville, who will also  
preach the dedication services for  
the new church at the evening hour.  
Special music has been arranged for  
Sunday, including selections by the  
choir, and solos by Mrs. John Reece  
of Glenwood and Pearl Wamsley of  
Rushville.

### B. L. TRABUE RESIGNS

B. L. Trabue has resigned his  
position as assistant cashier of the  
Rush County National Bank, and  
his resignation took effect November  
1. Mr. Trabue who has been affil-  
iated with this bank for the past  
thirteen years has made no definite  
announcement as to what he will do  
in the future. No one as yet has  
been appointed to fill the vacancy  
at the bank.

## ASK RETENTION OF CROSSING FLAGMEN

Petitions Filed Before City Council  
Urge Ordinance to Abolish  
Them Be Rejected

### THEY WILL BE SUCCESSFUL

Other Petitions Seek Permission to  
Grade Streets to be Paved  
Under 3-Mile Law

A short business session was held  
by the City council, which met last  
night instead of the regular meeting  
night on Tuesday night.

The most important thing that  
came before the councilmen was  
three petitions circulated and filed  
by citizens of Rushville requesting  
that the council refuse to pass the  
ordinance abolishing the crossing  
watchmen at Sexton and Arthur  
streets on the C. I. & W. railroad.

The three petitions were signed  
by a total of 424 persons, and the  
following people headed the peti-  
tions: Martin Winston, 320 West  
Fourth; W. C. Pearsey, 230 West  
Second and C. F. Dishinger, 227  
West First.

The ordinance was placed on  
second reading last night, but it  
was intimated that it will be re-  
jected when it comes up for final read-  
ing and passage. The matter was  
not discussed, but the councilmen  
just as good as said that there was  
nothing else to do, but kill when it  
was put on final passage.

The people objected to the taking  
off of the watchmen on the grounds  
that the two crossings are in the  
switchyards, and because trains  
frequently send a cut of cars with-  
out an engine, the crossings need  
guarding. The matter of the school  
building being located in that vicin-  
ity was another point which the  
petition brought out.

At the previous meeting railroad  
officials were present and urged the  
immediate passage of the ordinance.  
It was put on third reading, al-  
though Mayor Irvin and a majority  
of the councilmen favored imme-  
diate passage. Councilman Aber-  
crombie objected to the suspending  
of rules and forcing the ordinance  
through. Councilman Wagoner was  
absent but when he learned of it the  
next day, he stated that he was not  
in favor of doing away with the  
watchmen, and that the flagmen  
were not an expense to the city,  
anyway, as they are paid by the  
railroad company.

Two other petitions were present-  
ed to the city council. They were  
filed by Elmer Humes, et al., and  
John S. Davis, et al., asking per-  
mission to grade Harrison street, a  
portion of Eighth street and West  
Eleventh street, in preparation for  
paving under the three mile gravel  
road law. The paving contract will  
be awarded by the county commis-  
sioners, but the petitioners must  
first obtain a permit to grade the  
streets. The council will grant the  
permit, upon presentation of the  
plans and specifications of the en-  
gineer.

The two street paving projects  
have been mentioned before. The  
Humes petition calls for the paving  
of North Harrison from First to  
Eighth and east in Eighth to the Ft.  
Wayne road; the Davis petition  
calls for a paved street from Eighth  
street north in Harrison to Eleventh  
and then west in Eleventh to Spen-  
cer street.

A great portion of the West  
Eleventh street improvement will be  
a new street as there is no con-  
necting link now between Spencer  
and Harrison streets. The city will  
probably have to make sewer and  
water connections in the new street.

The Big Four railroad, which  
swings into Rushville at the north  
edge with a big circle, also has  
been granted permission to prepare  
for the new street. In the next few  
days the course of the tracks en-  
tering Rushville, will be completely  
changed. The curve will be taken  
out to a great extent and the tracks  
will be regraded.

The way it is surveyed now, the  
crossing on Eleventh street would  
be on a curve, and the railroad will  
so arrange their tracks to make  
them cross the street, north and  
south, parallel to the L. E. & W.

### WANT REASONABLE PRICES ON LUNCHES

Further Efforts Being Made by School Lunch Association to Obtain Lower Charges

PAY EXORBITANT PRICES

Indianapolis, Ind., Nov. 4—Further efforts are being made by the School Lunch Association here to obtain reasonable prices on lunches so that the school children may buy their lunches without being made to pay exorbitant prices.

Lunches were forced out in the Indianapolis schools because the children found that it would be cheaper to carry lunches than to pay these prices.

It was expected by members of the association, however, that they will be able to buy eatables cheaper in view of the recent drop on the local markets and also that they will be forced to buy in larger quantities.

Alibis and Explanations

This is the season of alibis and explanations. In spite of all of the excuses and "I told you so" opinions, doubtless no single person or group of persons can interpret the election results. Many men in public life will see the overwhelming vote as a confirmation of their views, but that does not make their ideas the correct ones.

As for example, Hiram Johnson says that the large pluralities given Harding show clearly that the people of the United States do not want any sort of a league of nations. This apparently is not the case. Johnson can see it no other way because his sole campaign was opposition to any league.

While it is true that Wilson asked for a solemn referendum on the league, there is no indication that he got it; nor was there any before the election that he would get it. The league was never a dominant issue, although the party in power attempted to cover up its misdeeds by stressing the peace treaty and

covenant. It is quite certain that most of the people had intelligence enough to know that the election of Gov. Cox would not mean ratification of the league of nations, and in a modified form, they did not allow this question to influence their vote very much.

Mark Sullivan just about summed up the situation correctly when he said previous to the election that the widespread trend to the republican party was due to a disposition of the people to turn out the "hired man" because he had not served as he should.

Savers and Spenders

Can you recall the little incidents of your young days?

Perhaps you remember some child who was "close" with his pennies, who put them in his bank and kept them there.

That child, even in its tender years, was imbued with the habit of saving, was cultivating the budding idea of thrift.

If you can locate that child today you will probably find a man who has made a commercial success of life, who is financially at ease, even if not wealthy.

The child who saves his pennies in time becomes the man who accumulates his dollars.

But the one who spends his pennies as fast as he gets them generally finds that in after years the habit has fastened itself upon him to such an extent that his life becomes one of endless spending—always earning money but never having a surplus dollar.

The greatest financial injury you can do your child is to encourage it to go out and spend its few cents. It marks the beginning of a bad ending.

For it is easier for the leopard to change its spots than for the spender to be anything but what he is.

President-Elect Harding, judging from his past record and his utterances during the campaign, would

have followed the golden rule even though his employees had not presented him with one on election day.

We opine that a number of new niches will have to be created in our hall of fame in order to accommodate the increasing number of prominent bootleggers.

And why shouldn't our American women be the most beautiful on earth? They pay \$750,000,000 a year for rouge, lipsticks and perfume.

Of course, we all know we have our faults, but we are quite convinced that the other fellow has more.

The women very clearly demonstrated that they have not lost any of their sense of intuition.

The reason there are so many bad people is because this is a bad world, and the men who run it are worse than we are.

No More Funerals For Dead Animals, City Council Decrees

Hereafter there will be no more funerals for cats, rabbits, snakes, turtles or rats, in this city, as the councilmen decided that the City Undertaker Watt Bartlett, was getting too much business. His bill presented at the council meeting called for \$7.50 and included 8 cats, 2 rabbits and one dog. His allowance was cut to \$5.00. The council issued an order whereby the city will not haul away dead animals that could be buried easily, and only large dogs will be hauled by Mr. Bartlett. The chief of police will also act as coroner and first inspect the dead and then order the city undertaker to the scene. The chief of police will also act as of the number of hauls.

Does The Finger Of Poor Health Point At You And Accuse You Of Neglect? Take Druggists Advice

It is the neglect of early symptoms that cause ninety percent of the sickness and suffering today, expert declares. Attend to the first signals sent out by nature.

Marion Man Has No Regrets From Taking Dreco

Declares the great root and herb medicine went straight to the spot

Relieved headaches, constipation, gas in the stomach indigestion and filled him with vigor and vitality

"I will never regret taking Dreco for it went straight to the spot which is something no other medicine ever did for me," declared Mr. Andrew Frederick, a well known and highly esteemed employer of Bevell's Wood Work Factory, Marion, Ind.

"I have suffered years from indigestion, dull aching headaches, gas in the stomach and was daily constipated unless I would take some kind of medicine all along. I have finished my second bottle of Dreco and I feel like I never saw a sick day in my life. I eat big meals and never have the gas any more, sleep all night long, bowels are free and regular. I feel full of vim and vitality and go about my work like it was play."

Now is the time to take a good reliable tonic to build up the system and get yourself in first rate trim for the hot weather. Dreco is a powerful tonic, yet gentle in its action. Good for young or old alike. All good druggists now sell Dreco and it is being especially introduced by F. B. Johnson & Co.—Adv.

A headache, gas in the stomach, dizzy feeling, pain in the back, over the kidneys, constipation, taking cold easy, and other slight troubles may be warnings.

Go to your family druggist today, get Dreco and fortify your system against disease.

"It is neglect of the first signs of disease sent out by Nature, that cause much sickness and suffering," declared a noted expert.

When an engineer sees a red flag on the track, he immediately shuts off his steam, bringing his train to a stop. He recognizes the danger signal, why can't men and women recognize the danger signals of health? A slight headache, gas in the stomach, dizzy spells, foul bad taste in the mouth, biliousness, pain over the kidneys, bowels constipated, nervousness, cold feet and pale cheeks may all be considered early signs that all is not well with our systems.

When these first signals appear, you owe it to yourself to do something to correct the underlying cause. You should get your stomach in good order; your bowels moving daily; rouse that lazy liver to action, strengthen the kidneys, so they can filter the poisons from your blood. Those are your most important organs, which, if kept healthy and in full action, will keep you strong and healthy and able to enjoy life to the fullest.

Dreco, the great root and herb compound aids the stomach in digesting the food properly without forming gas, clears the excess bile from the liver, gives renewed strength to the kidneys and overcomes stubborn constipation.

Is Able To Work After Being Off For Six Weeks

Indianapolis machinist was down with kidney trouble, lazy liver, disordered stomach and nervousness.

Claims the new medicine Dreco has given him prompt relief and advises the public to try it.

"I advise everyone who has a sluggish liver, weak kidneys or stomach trouble to get a bottle of Dreco at once for it will surely relieve them," declared the well known Machinist, Mr. N. W. Thoonburgh of 962 Ewing Street Indianapolis, Ind. "I often had to get up five or six times during the night; this broke up my rest very badly and next morning I'd be tired out and not fit for work, my liver was lazy which gave headaches, dizzy spells and that no-account feeling, my food did not digest well but lay heavy in my stomach."

"Dreco put a stop to all this and now I sleep the whole night through without waking up. I never have dizzy spell not a backache Dreco did me so much good that my wife is also taking it and it has about relieved her constipation and nervousness. Both of us are great believers in Dreco and have told a lot of our friends about it."

Dreco acts on the bowels and relieves constipation, rouses a sluggish liver to full action, strengthens the kidneys, purifies the blood, quiets the nerves; induces sound sleep and acts as a tonic to the vital organs, giving renewed energy and assistance.

SAM DENIES IT

Sam Young denies it. In fact, he was almost sore about it—that large "D" after his name in the election table printed in the Daily Republican last night. Sam was tempted to use the naughty word which also has a large "D" in front of it, but he didn't. He was elected, so he should worry a lot whether it was a "D" or an "R." The linotype operator nor the proof reader had anything against Sam—and the whole world knows Sam belongs in the "R" column.

# SOCIETY

Mrs. Douglas Morris will entertain the members of the Thimble Club Friday at her home in East Fifth street with a noon luncheon.

Mr. and Mrs. Irvin Price of near Carthage were the Sunday afternoon guests of Mr. and Mrs. J. D. Austen, living northeast of the city.

The Little Light Bearers and Juniors of Sexton will meet at the close of Sunday school next Sunday. All members are requested to be present.

The Ladies of the third division of the Social club will meet with Mrs. R. L. Tompkins Friday evening at seven o'clock to arrange for a club supper to be given on Nov. 10.

The Women's Missionary Society of Sexton will meet at the home of Mrs. Alf Fry, next Tuesday afternoon. An interesting program has been prepared with Mrs. Grace

Winkler as leader. All members are most earnestly requested to be present.

The W. R. C. will have a call meeting Saturday at the Red Men's hall in West First street, for the purpose of practicing for inspection, which will be held next Wednesday. The meeting will be called promptly at two o'clock and a good attendance is urged to be present.

Mrs. Arnold Yazel of this city has received an announcement of the marriage of her daughter, Miss Gladys Clevenger to Paul W. Shinn of Iowa Kas., formerly of this city. The wedding took place last Thursday at Iowa and the young couple will make that place their future home.

Mrs. Mary Brown was hostess for the members of the Wednesday Afternoon Sewing club yesterday afternoon at her home in West First street. A good attendance

was present for the meeting. The hours were enjoyed with an informal party during which the members sewed. Refreshments were served at the close of the meeting.

The C. W. B. M. of the Orange Christian church was delightfully entertained this afternoon at the home of Mrs. Albert May at her home near Orange. An interesting program was given, followed by a business session and social hour during which delicious refreshments were served.

Mrs. Sarah Casady entertained Sunday with a family dinner party, honoring her eightieth birthday anniversary. The dining table was centered with a large bouquet of laid for Mr. and Mrs. Dick Fleehart, Mr. and Mrs. E. R. Casady and family, Mr. and Mrs. Knowles Casady, Mrs. Joachim and Mr. and Mrs. Sam Casady of Shelbyville, Mr. and Mrs. Frank Cotton of Carthage, Mr. and Mrs. Will Bennett

chrysanthemums and covers were and family, Mrs. Blanche Riley and Miss Julia Casady.

Many ladies of the Women's Home Missionary society of the St. Paul's M. E. church, went to Shelbyville today to attend the thirty-fourth annual meeting of the Women's Home Missionary Societies of the Indiana Conference of the Methodist Episcopal churches, which opened yesterday at the First M. E. church in that city.

Miss Carrie Barge, the national field secretary, made the opening address yesterday before a large crowd, which included delegates from all parts of the state.

Mrs. A. C. Hawn of Indianapolis, secretary of the young people's conference, conducted today's meeting and Bishop F. L. Leete of the Indiana area will give the closing address for the society this evening.

Among the pretty social events being given in this city during the Autumn season was the prettily appointed informal party given by the Mesdames Robert Innis, Russell Kirkpatrick, Elmer Humes and Ben Humes, this afternoon, at the home of the former in North Harrison street. The hours for the party were from two to four and from four to six. The home was beauti-

fully decorated for the occasion in chrysanthemums and ferns.

The program for the afternoon was given by Miss Dorothy Haines, reader, of Indianapolis, and Mrs. Bertha Shelsmidt Koehne harpist, also of Indianapolis. Both the entertainers are talented musicians and rendered very appropriate and entertaining programs which were highly appreciated by the ladies present.

This evening the hostesses will entertain the gentlemen with a course dinner party at the home of Mrs. Innis.

## "SCRATCHING" UNCOMMON HERE

made on the grounds that the voter had made a false affidavit regarding his reasons for using the absent voters law to vote. Each board had a copy of the law and democrats on the boards were convinced that absent voters could not be challenged except for cause. The causes for challenge are enumerated in the law and do not include any covering the case of an absent voter who is alleged to have made a false affidavit. That is a matter which could not be decided by the election board and which could not prevent the vote from being cast.

The I. & C. traction company will also be asked to repair Seventh street within their portions of the street. The street is rough, and the traction company will be asked to repair the street with gravel.

On November 29 there will be a school in Indianapolis for fire chiefs and the council will more than likely make arrangements to send Joe Williamson, fire chief to the school.

## SCOTLAND MOSTLY WET.

Glasgow, Scotland, Nov. 4.—Incomplete returns from Scotland's first prohibition election today showed 146 voting areas continuing wet and 17 dry, and 23 voting for limited prohibition. Wets were elated over the early returns. Indications were the bigger industrial centers would remain wet with the exception of a few wards.

## Camel's Foot.

The camel's foot is like a soft cushion, peculiarly well adapted to the gravel and stones over which it is constantly walking. During a single journey through the Sahara, horses have worn out three sets of shoes, while the camel's feet were not even sore.

# Another of Mauzy's Money-Saving Events

For several weeks Mauzy's has been offering to the public unusual and ever-increasing opportunities to save. This event is designed to stimulate still further the present steady out-flow of merchandise, and to that end prices have been attacked mercilessly. Join the throngs that will participate in this economy stroke.

For two weeks, (or until present stocks are depleted) this sale will continue. With winter at the threshold, it will pay you big to capitalize on these offerings, and to anticipate your needs for the entire family and the home. Set aside a definite time (the sooner the better) for an excursion to this bargain carnival.

Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, cap and root—banish it entirely.

Don't Doctor Your Corns. Use "Gets-It!" Remove Them—Painlessly! Quickly!

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!

## PREPARE FOR WORLD LIVE STOCK MEETING

Each Season This Spectacle of Animal Life is Given New Stage Setting Involving Labor

WILL BE HELD AT CHICAGO

Preparation for the World's Greatest Live Stock Exposition at Chicago during the first week of December, are now well under way. Each season this spectacle of animal life is given a new stage setting, involving the labor of hundreds of men for several weeks and an expenditure of many thousand dollars. Part of this is necessitated by essential convenience for man and beast; part goes to furnish the coloring that has given the Exposition atmospheric brilliancy, intensified as each season rolls around. An enormous sum is required for light effects, a feature of the "International" that has always been abreast and much of the time in advance of such improvement as electrical ingenuity develops. This year a number of scenic novelties have been introduced, arrangement of exhibits has been perfected and a more elaborate setting given the latest addition to this aggregation of spectacles—the Grain and Hay Show, under the auspices of the Chicago Board of Trade.

When the gates are thrown open to the public, November 27th, a month hence, all this elaborate and expensive getting-ready programme will insure the most successful International Live Stock Exposition since the inauguration of that enterprise, which has been effective in promoting the welfare and progress of the live stock industry of all sections of North America.

## FEDERAL INSPECTION PREVENTS BIG WASTE

Shippers, Receivers and Others Interested Assisted.

Sworn Statements as to Condition of Fruits and Vegetables Hastens Sales, Thereby Facilitating Distribution.

More than 25,000 inspections of fruits and vegetables moving in interstate commerce were made by representatives of the bureau of markets, United States department of agriculture, during the 12 months ended June 30, 1920. This is an increase of 78 per cent over the number of inspections for the preceding year.

Federal Inspector Ascertaining Condition of Shipment of Cucumbers.

By the use of food products inspection service shippers, receivers and others interested can obtain sworn statements attesting the condition of perishable products received at central markets. With immediate evidence of the condition of the food sales are made promptly, thereby facilitating the distribution of the products handled. This prevents deterioration and waste on account of delays resulting from disputes as to the condition of products, hastens the release of cars and prevents unfair trade practices.

The bureau has some 40 representatives located at 26 important market centers to make inspections upon request of those concerned with the shipments. A charge of \$2.50 is made for less than half a carload and \$4 for each half a carload or more.

## AUTOMOTIVE DEALERS OPEN A CONVENTION

First Time Indiana State Capitol Has House Meeting of Automobile Men

FOR PSYCHOLOGICAL EFFECT

Indianapolis, Ind., Nov. 4.—Doors of the state house were thrown open today to members of the Indiana Automotive Dealers association meeting here in convention and organization meeting.

This was the first time the Indiana state capitol has housed a convention of automobile men and the second time that such a convention has been held in a state house in the U. S. The idea of holding the meeting in the state house was for psychological effect.

According to figures of the association, Indiana is one of the leading automobile states in the union. This is judged from the amount of money paid into the state treasury from auto license fees.

**LONDON GETS THE COCKTAIL HABIT**

\*\*\*\*\*

London, (By Mail).—London has adopted the cocktail habit and no establishment is now considered complete without an "American Bar."

The habit has specially caught on with women and in the Ritz, Carlton, Piccadilly and other well-known West End restaurants diners come early and spend a preliminary half hour chatting over an "aperatif."

Nearly every Englishman now has a particular "shaker," he swears by. At the American Club, Collins, a colored man, is declared to be the London champion Shaker, but those who frequent the Royal Automobile Club bar speak reverentially of "Nick," who is renowned as "a great artist."

## An Enemy to Good Health

Good health has no greater enemy than constipation. You cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning. F. B. Johnson.

## PRESENT CLIFTY FALLS TO STATE

Six Hundred Acres of Rugged Picturesque Land to be Converted Into a State Park

INDIANA NOW OWNS 3 PARKS

Gift Was Made Possible by Citizens of Madison and Jefferson Co. And Efforts of W. A. Guthrie

Indianapolis, Nov. 3.—Beautiful Clifty Falls, included in approximately 600 acres of rugged, picturesque land, has been presented to the State to be converted into a state park. With its acquisition Indiana now owns three state parks and the movement for extension of this service to the people receives considerable stimulus.

The gift was made possible through the generosity of the pursuing spirited citizens of Madison and Jefferson County, and is in a great measure due to the untiring efforts of William A. Guthrie, chairman of the State Conservation Commission, who more than a year ago became interested in the project. Associated with him in the pioneer work of obtaining Clifty Falls and vicinity for a state park, were Elmer Scott, Joseph Schofield, William H. Miller and members of the Madison Rotary club.

Mr. Guthrie, representing the state department, and Mr. Miller and John W. Tevis, acting for the citizens of Madison and Jefferson County reporter to Governor Goodrich that a fund of approximately \$15,000 had been raised to purchase the proposed park. They tendered a bond for this sum to the department of conservation, binding the agreement that the Clifty Falls tract would be bequeathed to the State. In consideration of the gift the State agrees to spend approximately \$20,000 toward its improvement. The new park will be under jurisdiction order, department of conservation and improvements will be outlined by members of the conservation commission.

Clifty Falls Park is situated about a mile and a half from Madison. It is accessible to auto, steam and river travel, being only about 100 yards north of the Ohio river. Governor Goodrich has approved three Jefferson county roads designated by the state highway commission for inclusion in the state highway system, all of which connect with the park.

One is the Versailles to Madison road, another the Vernon to Madison road and the "river road" from the Jeffersonville-Switzerland county line road through Vevay to Rising Sun. The new park joins with 1100 acres in the State-owned reservation known as the Southeastern Indiana Hospital for the Insane, and gives Indiana approximately 1700 acres in one large tract.

Clifty Falls and adjacent land which will compose the third state park, has long been known as one of the primitive scenic spots of southern Indiana. The rugged topography, forest clad hills, deep gorges and emerald hued valleys comprise a panorama of beauty of native architecture that is unexcelled. Truly this portion of Jefferson county may be likened to the "Switzerland of Indiana".

In the park there are about thirty distinct water falls, chief of which is the famous Clifty Falls. Here the water courses over a majestic drop of ten to twelve feet in height. The considerable volume of water is occasioned by Clifty stream entering the reserve in two distinct streams and merging at a point some distance above the cascades.

Some Virgin timber stud the sharp, rugged hills, and due to the fact the park grounds have long been exploited by private enterprise there are numerous entrancing by-paths and delightful shady, branch-draped lanes.

When the first railroad enterprise in Indiana was projected about 1834, engineers constructed a tunnel for nearly a mile thru these wonderful hills. It was abandoned after the cut was finished when it was decided to shorten the route by cutting through the rocky cliffs. This old tunnel is to be converted into a motor road of rare scenic beauty.

With the acquisition of Clifty Falls, Indiana now possesses three state parks. Turkey Run, 288 acres, McCormick's Creek Canyon Park of 360 acres and Clifty Falls of 600 acres. Extensive improvements have been made at Turkey Run and McCormick's Creek Canyon, and this year 50,000 people visited the former and about 20,000 the latter.

## LONDON GRATIFIED TO HEAR ABOUT ELECTION

Newspapers Comment Upon People's Choice and Offer Criticisms to Governor Cox

CALLS IT A FOOLISH LEAGUE

(By United Press)  
London, Nov. 4.—The United States has revolted against the supermen in politics, the Evening Standard said today. The Globe called Senator Harding's election a fortunate thing for Anglo-American friendship.

"It is a good thing that Governor Cox was snowed under," the Globe said. "He had plunged an interference in Irish affairs which England could not and would not have blocked. It is fortunate that Cox will return to an obscurity where Amer-

ican politicians of his type emerge. "Senator Harding does not intend that America shall become involved in the controversy over a foolish league of nations," the Globe said.

COMBINES ROLE OF TEACHER AND PUPIL

Corvallis, Ore., Nov. 4.—Teacher in the morning and pupil in the afternoon—that is the double role which is being played here by Miss Gladys Kies of Vancouver, Wash., senior in the home economics department at the Oregon Agricultural college.

Miss Kies is an instructor in kindergarten work during the forenoon and goes to her sociology, bacteriology and other "ology" classes at the college after lunch. Being an expert cook, Miss Kies assumes a third role whenever the cook at her sorority house is ill, or on a strike.

## FARM ACCOUNTS AID TO BETTER PROFITS

Quite Essential to Any Well-  
Thought-Out Plan.

Farmers Enabled to Meet Conditions in  
Way That Will Give Him Great-  
est Net Returns on Various  
Crops He Produces.

Farming is a business, and, to be successful it must be conducted in a businesslike manner. It involves the production and sale of commodities, just as does manufacturing. The business man, whether in factory or on farm, should be constantly considering two questions:

1. What profit is my business making?
  2. How can that profit be increased?
- The first of these must be answered before an intelligent effort can be made to answer the second. Proper accounting leads directly to the answer to the first question, and hence it is essential to any well-thought-out plan to increase profits.
- The problem of the farmer is to meet conditions on his own farm in a way that will give him the greatest net returns, year in and year out, for the use of his capital, his labor, and his managerial ability. Before he can be considered a successful farm operator he must produce results that will cover the value of all these. Capital can earn interest without labor on the part of its owner, and labor can earn wages without owning any capital. The farmer, utilizing both in the conduct of his business, should secure returns that will cover both interest and wages. Not until both of these have been more than covered can any profit be credited to the farming operations. Nothing but return in excess of interest and wages can properly be considered as net profit.

### Art of Staining Glass.

Fifty years ago the old secret of staining glass, which was lost with the decline of art in the seventeenth and eighteenth centuries, was rediscovered and, with the aid of chemistry, has made remarkable progress. This is shown by the fact that today the glass-stainer disposes of more than 5,000 different pigments, while in the twelfth century, the golden age of glass staining, only 12 colors were known.

#### "The Jail Bird" Here Two Days

If all convicts could effect their escape from prison with the dexterity shown by Douglas Mac Lean in his first Paramount starring vehicle, "The Jailbird," there would soon be no one left in the penitentiaries but the wardens and the guards.

Doug's escape from jail is but one of the many humorous incidents that occur in "The Jailbird," a new Paramount picture produced by Thomas H. Ince, which will be shown at the Princess Theatre today and tomorrow.

Prison visitors, a collar and shirt lying in easy access on an office desk, and a suit of civilian clothes in the warden's closet, are the accessories that aided Doug's escape. While the guard is showing a crowd of visitors through the prison Doug, left alone in the warden's office where he is a trusty, snatches the collar and shirt, adjourns to the closet, dons his "civies," and remains there until the return of the visitors. As they pass the closet door he steps into their midst and exits with them through the prison gates. How he gets back into jail is another story.

#### "Linger Longer Letty," Murat

Oliver Morosco's latest musical comedy success, "Linger Longer Letty," with Charlotte Greenwood as the star, will open Wednesday, November 10, at the Shubert-Murat theatre, Indianapolis, for a limited engagement of four years.

"Linger Longer Letty" is a sequel

STYLE HEADQUARTERS

to "So Long Letty," the famous song and dance show in which the monumental comedienne was seen there several season ago.

The sequel part is explained by the fact that Miss Greenwood appears once more as the free and easy Letty, the heroine of all sorts of humorous situations and the proud possessor of the longest arms and legs that the American stage can boast of.

The whole piece revolves around her; it could not do without her and all that need be said is that in this new production she has duplicated the remarkable success she made in "So Long Letty." According to the reports, she never was funnier; her new songs and dances, together with her familiar and unparalleled comedy feats, have made "Linger Longer Letty" even more popular than its predecessor and that is saying a great deal. The entire production is intact, without the slightest change.

Prominent among the members of the unusually strong company are Robert Higgins, Oscar Figman, Olga Roller, Ida Stanhope, George Sweet, Curlyne Englar and Frances Bensten.

What Really Makes for Success. There are a few men and women so circumstanced and handicapped that the only possible success for them is their heroic acceptance of what to others would be failure. But with the great majority the element that is lacking is the hearty taking hold of the work before them.—Exchange.
